

Biography

National Institute for Occupational Safety and Health
Cincinnati, OH 45213

Steve Wurzelbacher

Steve Wurzelbacher is the Director of the Center for Workers' Compensation Studies at the National Institute for Occupational Safety and Health. In this role, he coordinates workers' compensation trending analyses and safety and health intervention effectiveness studies with public and private industry research partners.

Wurzelbacher has worked for over 15 years in the safety and health field, as both a researcher and as a loss control practitioner for a workers' compensation insurance carrier. He has a Ph.D. in Occupational Safety and Ergonomics from the University of Cincinnati and is a certified professional ergonomist.
