Washington, D.C. 20405

### David Marciniak

David Marciniak is the U.S. General Services Administration's (GSA) Headquarters Safety Engineer for the agency's owned and leased facilities. He is located within Headquarters' Environmental, Health and Safety Risk Management division, and provides safety and health policy and guidance on design, construction and operations to GSA's 11 regional offices.

Prior to joining GSA in 2001, Marciniak spent 20 years with the Department of Defense — 10 in safety, occupational health and emergency management and 10 in system (design) safety.

Marciniak has an undergraduate degree in Mechanical Engineering, a graduate degree in Systems Engineering, is a licensed Professional Engineer and a Certified Safety Professional. He is a member of the American Society of Safety Engineers.
